Welcome to Pistol New Zealand's National Steel Challenge Championship held at Wanganui Pistol Club in the River City

Our main aim is for a match that is challenging, enjoyable, is an opportunity to excel and a good chance to catch up with friends and make new ones.

We have added Production Optics as a Division. The rules for Production Optics for this match can be found here. Please make yourself familiar with them.

There will be six sessions, two on Friday, three on Saturday, and one on Sunday.
The mid section on Saturday will go ahead if there are sufficient numbers.

Shooters will be restricted to one firearm per session, a total of six guns for the match.

We will try to keep squads to around five or six, but this all depends on numbers. If we manage to do this, it will mean that everyone will need to pitch in and help with RO duties, scoring, and painting. Where possible, WPC members will help out. The squad RO and tablet will travel with the squad. If you have locked your squad, please unlock it before returning the tablet and timer to the clubroom foyer and plugging them into a charger. Timers and tablets are paired, so please be aware of this.

Match Registration: 8.30 - 8.55 on match day.
Please **sign in** and **sign out** using your PNZ number or the one supplied by us. Your firearm licence will be required when you register.
Match briefing, if required, at 8.50 in the clubroom, immediately followed by the day's shooting.

	Friday	Saturday	Sunday
Morning	0900 hrs	0900 hrs	0900 hrs
Mid		1140 hrs	
Afternoon	12.30 hrs	1410 hrs	

Wanganui Pistol Club

Prize giving will be immediately after the Sunday lunch. Medals will only be awarded to those people who attend prize giving or to someone who can take it for you. The organisation needed to do otherwise is just too much.

However, if you see from the results that you were awarded a medal and wish to receive it, please get in touch quickly, and we can work something out.

Firearm Handling
Please familiarise yourself with our club's firearm handling requirements. These are published on the front wall of the clubhouse.
All rimfire firearms need to be flagged and bagged when not in use.

Catering
Lunch will be provided on all days, as will tea and coffee.
While water will be available in the fridge, just inside the clubroom door, this is your responsibility. There is a tap with potable water at "the shed".

Camping
There is plenty of room for camping, more suited to self contained units. The club has a well equipped kitchen, a toilet block, but no showers. However, if we did get enough interest, we would hire a portable shower unit for the weekend.

Considerations
Our club is alcohol and smoke free. There is a smoking designated are by the main gate.

We look forward to hosting you at our club. Please get in touch if you need anything at all.
